

STATE OF WASHINGTON
County Road Administration Board
SOLE SOURCE POSTING

The County Road Administration Board (CRAB) contemplates awarding a sole source contract to Data Transfer Solutions, LLC (DTS) to provide configuration services for the commercial-off-the-shelf (COTS) VUEWorks enterprise asset management system (EAMS).

DTS is solely authorized to perform the requisite configuration of the VUEWorks COTS system purchased through master contract, Contract# 06016. Additionally, the proprietary knowledge of DTS makes them the most appropriate vendor for the minimal services in providing the tools to integrate the 39 Counties with the CRAB EAMS.

The contract will be issued on or about August 2018 for 14 months. The dollar value is estimated at \$250,000.

Offerors contemplating the above requirements are required to submit capability statements detailing their ability to meet the state's requirements within five (5) calendar days of this announcement. The following information should be included in the capability statements:

- Business Name
- Contact name, email, and phone number
- Firm's Qualifications/Expertise in configuring VUEWorks EAMS
- Firm's Qualifications/Expertise in creating ArcGIS/QGIS to VUEWorks middleware
- Firm's Qualifications/Expertise in performing train-the-trainer on VUEWorks implementations
- References/past performances
- Cost factors

In the absence of other qualified sources, it is the state's intent to make a sole source award of the contract.

To submit capability statements or for questions, contact:
