

Civil Engineer 1

Transportation Services/Bridge Section

Job #3901

\$28.27 - \$35.62 hourly

Open Until Filled (First review of applications will be 2/22/08)

Pierce County is seeking entry-level Civil Engineers for layout, drafting, and design work on public works projects. Assignments may include developing specifications, special provisions, cost estimates, calculations, and conducting inspection and materials testing. Union membership is required within 30 days of employment. Pierce County offers family-oriented benefits for the employee and their family members.
